

# Google Chrome Operating System

Antoine de Roquemaurel

June 6, 2011

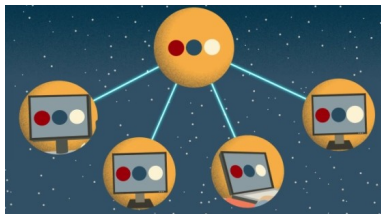

## Chrome OS

- A Linux-based operating system
- Work exclusively with web application
- Minimalist

- Data is on Google server
- security of data?

- Buy a netbook!
- Asus or Acer

- The same OS free
- Help the development

- What do you think about cloud-computing?
- Have you try chromium?
- Have you any question about the expose?

Thank you for your attention!
